

*High-Solids, High-Build Polyurethane provides excellent gloss and color retention for heavy-duty interior and exterior surfaces, such as those found on oil rigs, conveyors, power plants, and chemical plants.*

*DTM Acrylic Primer/Finish is both a primer for water-based topcoats and its own white finish coat, with excellent early moisture resistance and durability. Protects exterior steel, aluminum, galvanized, concrete or masonry.*

*Quick-Dry Alkyd Enamel for metal maintenance, new construction or OEM finishes. For metal parts, farm equipment, hoists, hand trucks, ventilators... wherever super efficient, quick drying protection is needed.*

*Recoatable/Self-Leveling 100% Epoxy Floor Coating is seamless, hygienic and extremely durable. Perfect for cleanrooms, laboratories and aircraft hangers.*

# The Color of Protection™

## We've Just Put 1200 More Tools Into Your Toolbelt!
